Kawazu-zakura Tunnel along the Kawazu River

Access between Kawazu and Airports by Train

The Kawazu cherry blossoms, called "Kawazu-zakura" in Japanese, bloom from early February through early March, for about a month. The Kawazu cherry trees have the characteristic of large pink flowers. The lines of the cherry trees, "Kawazu-zakura Namiki", continue along the Kawazu River for about 2.49mile(4km), starting from the river mouth near the Kawazu Station to Mine Onsen. Despite the cold weather, one million people visit Kawazu during the period of one month to enjoy the biggest event of the town.
